

which has caused the inspectors the very greatest difficulty in finding the children, and also many miles of unnecessary travelling.

The Minister observes that it is therefore important, in addition to furnishing the names of the farmers with whom the children are placed, in connexion with the nearest post office, that the name of the lot, concession, and name of township in which the farmer resides, should also be given as a part of the address. If this is made an essential condition by the Local Government Board in the case of any future children sent to Canada, it will enable the inspections to be much more promptly and certainly made.

The Committee recommend that your Excellency be moved to transmit a copy of this minute, together with copies of the reports of inspection hereunto appended, to the Right Honourable the Secretary of State for the Colonies.

All which is respectfully submitted for your Excellency's approval.

JOHN J. MCGEE,
Clerk, Privy Council.

REPORT of MR. W. E. IBBOTSON, Government Immigration Agent
at Sherbrooke, P.Q.

Mr. Ibbotson's
Report.

Margaret Rowan, aged 11. From Wolverhampton Union. Placed with N.V. Fitzgerald, Lennoxville.—I am glad to report that this child's master and mistress give a most pleasing account of this good girl, now about 15 years of age. She is spoken of as a truly honest and good working girl. I had a long interview with this Margaret Rowan, she reported to me personally that she was well and in good health. She appeared to me to be a robust and well-built child, full of vigour and activity ; she is well pleased with her present situation. She arrived here two years ago, and has worked continuously with the same people, never leaving the farm excepting to go to church. She attends the Roman Catholic Church presided over by the Rev. L. L. Desauliniers, who reports her a worthy, good girl. This statement is corroborated by both Mr. and Mrs. Fitzgerald, her master and mistress.

John W. Kelly, aged 15. From Middlesbrough Union. Placed with the Rev. L. L. Desauliniers.—I have the honour to report that this boy, John W. Kelly, was sent to the Rev. L. L. Desauliniers, parish priest of Lennoxville, by Mr. A. Robert, Agent, L'Evechede, Montreal, about the middle of November 1884. He remained in his service for a period of some six months. As regards his work he gave satisfaction, but was of a rough and pugilistic nature. According to his own confessions he bore a very bad character before he left his native home, which was well known by the officials at Middlesbrough. This boy has stated that he had gone through many punishments, such as having been flogged, incarcerated, and further punished on the tread mill ; he acknowledged that he had always been a tramp. His father was a sailor and steamship engine driver ; he (the boy) made several voyages with his father, once to India, another to Iceland, as also to Canada. The reverend gentleman above-named had always a fear of this servant, and thought him the worst of characters. Some good neighbours assisted in getting him sufficient means to procure his passage back to Manchester, England ; he was not long there before he addressed a letter to his former master asking for a re-engagement. This letter has not been answered, as the said John W. Kelly could not be depended upon.
